PLEASE NOTE: This version is in C, as in Willie Nelson's original. However the chord changes are more like the hit Patsy Cline version although that was in Bb with a repeat of the last 3 lines a semitone up in B. In Willie Nelson's original version he simply sings the whole lyric through twice in C. Feel free to arrange as you wish.

ALSO PLEASE NOTE: Not all chords are shown in their easiest versions (e.g. F, C7) but these are the versions I think work best in this sequence. 11 chords in total but most of them are fairly easy.
